Remembrance**

From Holocaust to New Life

Texas

Marches of Remembrance around Yom HaShoah 2022

From the Heart and on Foot - Remember. Reconcile. Taking a Stand!

LET US NOT BE INDIFFERENT!
TAKE ACTION AND BE THERE!

Hatred of Jews and anti-Semitism have reached alarming levels. Anti-Semitism is moving back into everyday life, and many remain indifferent. Ronald Lauder, president of the World Jewish Congress, made a strong call to action in one of his recent speeches, "Who will speak up? Who dares to come forward?"

The Covid-19 pandemic is like an accelerant for anti-Semitism and hatred of Jews. According to a study by the World Zionist Organization and the Jewish Agency, 2021 was the most anti-Semitic year worldwide in the last decade. Ten anti-Semitic incidents of physical and verbal violence occurred on average every day. At the same time, conspiracy theories based on age-old anti-Semitic prejudices flood social media. Many see Jews as the authors and profiteers of the pandemic. Education and enlightenment are only of limited help.

But if you let the truth about anti-Semitism in your own family, your own city and your own country touch you and speak about it publicly, you can move hearts and bring about change.

Join us and send a clear message of support for Jewish life and against anti-Semitism!

For 15 years, the global March for Life movement has mobilized tens of thousands of people worldwide to take to the streets with the message "Remember - Reconcile - Taking a Stand against anti-Semitism and for Israel."
